

SEAoNY Young Member Group and ASCE Younger Member Forum Present:

Perks and Pitfalls:

A Discussion of BIM & Analysis Softwares

Thursday, May 11, 2017 | 6-8pm | The Center for Architecture, 536 LaGuardia Pl

SEAoNY YMG and ASCE YMF present a panel discussion of BIM and analysis software across civil/structural engineering disciplines.

Panelists will examine of the use, benefits, and constraints of BIM and Analysis tools, as well as how they believe these tools will be adapted and adopted in the future.

Featured Panelists:

Aaron Gonzales, BIM Manager, Henegan Construction Co.

John Rauch, Applications Manager, Langan

David Adler, Project Engineer, Robert Silman Associates

James Paxson, Architect, Davis Brody Bond
