New York, NY 10018
- Email admin@seaony.org
for credit card payment link
(4% surcharge fee applies)

SEAoNY's strength as an organization is derived from the commitment and active support of its membership in the New York City structural engineering community. It is through this support that SEAoNY has made significant achievements in elevating our profession and positioning the organization as the key resource within our local industry, all while delivering exceptional service to our membership. While the organization has focused its energies on programs for individual members, SEAoNY wishes to expand opportunities for the respective firms of our membership to become engaged and support their staff's involvement with SEAoNY. It is the pursuit of this goal that the Board has decided to provide support opportunities through a Sustaining Membership Program. The benefits offered at various sponsorship levels are designed to acknowledge the firms who provide financial support directly to SEAoNY, as well providing value to sponsoring firm's by providing the ability to engage their staff in SEAoNY through memberships and access to SEAoNY programs.

Please fill out this form also don't forget to pick a sponsorship level below.
Return this form back to us at admin@seaony.org.
